

SEIBOLD SECURITY
FROM EVERY ANGLE.

FINANCIAL INSTITUTIONS

From its day-to-day operation to its financial future, your financial institution depends on you. You're the one responsible for providing customers with convenient access to their own money while securing the rest, as well as protecting other assets, the staff, and managing the entire facility. It requires your second-by-second knowledge of the situation to take decisive action on everything from customer satisfaction issues to outright fraud.

SECURE IN THE KNOWLEDGE.

WE'RE DEDICATED TO PROVIDING SUPERIOR SERVICE.

Unlike most security companies, Seibold Security is still a family owned business, and we've serviced the northeast financial market for more than 30 years. Count on us for personalized, highly responsive service from the moment you call until your service request is completed. Our Service Coordinator is dedicated to providing the most responsive dispatch service for your request.

SEIBOLD SERVICETRACK

Seibold ServiceTrak is a web-based application accessed through the Seibold Security website that allows customers to view their account information stored in our system. ServiceTrak allows customers to access their most to up to date account information including service order history and service call status as well as enter service request.

products & services

Turnkey Branches

Whether you are renovating or building a new branch, Seibold Security can assist you with the project at whatever level is needed.

Building and renovating branches is one of the strategies that can be very important to the growth of your financial institution. Our turnkey branch programs are designed to help you save money and allow your staff to serve your customers with minimal interference caused by the branch project. In addition, Seibold Security can also warehouse decommission, remove and warehouse branch equipment when branch closures occur.

Seibold Security is the exclusive dealer for Hamilton Safe equipment in Upstate New York. We sell, install and service Hamilton Safe's complete line of banking products for branch security and drive-up service including the industry's most advanced drive-up systems, ATMs vault doors, custom and modular safe deposit boxes, teller lockers, night depositories, and bullet resistive drive up windows.

• ATM Sales and Service

As the official Triton ATM reseller for upstate New York, Seibold Security can customize ATMs to help differentiate your financial institution and increase its value to customers. For example, you can automatically display the screens that customers use the most often based on information stored on their bankcards. Or let them opt to have receipts sent by email—along with your marketing materials. We can even set up your ATMs to sell tickets to popular events. In addition, each ATM is serviced for life by our experienced technicians.

• Branch Operation Equipment

We offer only the highest quality pneumatic tubes, drive-up windows, deal drawers, under-counter equipment and accessories.

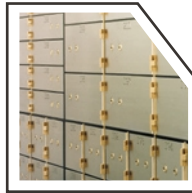

• Furniture

Seibold Security represents several furniture manufacturers. We can obtain either standard manufactured units or custom built units. Furniture units available include desks, credenzas, modular work stations, tables, chairs, filing cabinets, and much more.

• Millwork

Seibold Security has available standard and custom designed teller stations, Check desks and counter tops in an unlimited selection of finishes and styles. All millwork, whether standard or custom, will be selected to best meet your needs for your specific project.

• Safe Deposit Box Program

We've seen time and again how customers remain loyal to financial institutions where they keep a personal safe deposit box. So we've worked with some of our clients to give customers a free box when they open an account of a certain size. As the size of their account increases, so too does the size of their box—and their loyalty to your financial institution. Talk with us to help set up this valuable program for your customers.

• Vault & Safe Products

Your security is paramount, so we work with dependable manufacturers to provide you with the most durable safes, vault doors, night-depositories with or without safes, and safe deposit boxes.
